Thank you for requesting support from the U.S. Coast Guard Institute (CGI). Whereas
we serve as an activity in support of your unit Educational Services Officer (ESO),
you are encouraged to seek assistance from your local ESO in your academic
endeavors. The following information is provided to help you understand what is
presented in this degree plan:

This document is an UNOFFICIAL Degree Plan to provide you with a preliminary
assessment of how your prior learning experiences might fit into the specified
degree program for this academic institution. If you choose to pursue this degree
option, you must present it to a college representative, who will review it for the
following:

o Accurate representation of the college's degree program requirements, including
course numbers and titles, credit hours for each course, lower- and upper-level
course requirements, and the total number of credits needed for the degree.

o Appropriate assignment of ACE Guide-recommended credit at the lower or upper
level for military service schools and occupations, CLEP, DSST, and other tests,
transfer credit for courses from other colleges and universities, certification
programs, etc.

o Appropriate assignment of SOC Course Category Codes from the SOC Handbook
Transferability Tables. The SOC Degree Program Handbooks can be obtained from the
SOC web site at: www.soc.aascu.org should you wish to learn more about the course
transfer guarantees among SOC network institutions.

IMPORTANT NOTE: When you are ready to seek admission into this degree program,
please contact the USCG Institute at 1-405-954-7241. Your advisor will send the
college or university an official U.S. Coast Guard Institute transcript, a copy of
the degree plan, and a ready-for-signature SOC Student Agreement which, when signed
by a college official, becomes a contract for degree completion committing the
college or university to supporting you in your academic endeavors.

Credit for all courses you have taken must be reflected on official transcripts sent
directly to this college from the administrative offices of the colleges you
previously attended. This degree plan is often used for information purposes by
college counselors pending receipt of the official transcripts from the source
colleges.

This degree plan is not intended to compete with your local college or university.
Keep in mind, you are allowed to transfer in a significant amount of the degree
requirements to this institution. As such, credit from local colleges, college
level examination programs, or advanced military training may be applied to this

degree. You may also complete the courses necessary from this college either in
residence (on campus or possibly on a military base at a campus extension in the
Education Center) or through distance delivery of the courses. If you have
questions, please contact the college counselor or your advisor listed at the bottom
of this Degree Plan.

DEGREE PLAN LEGEND:

SH   = Semester hours
VOC   = Vocational, not relative to an academic degree
LL   = Lower Level, i.e. courses at the Freshman/Sophomore level
UL   = Upper Level, i.e. courses at the Junior/Senior level
GL   = Graduate Level (sometimes recommended by ACE for very complex courses)
[#] such as [EN024A] or [EN024B] = SOC Course Category Codes*
{#} such as {DANTES Code = 01.02.03} = DANTES Academic Codes **

* SOC Course Category Codes: Service members Opportunity Colleges (SOC) is a
consortium of over 1,600 accredited colleges and universities seeking to provide
degree opportunities to the military. Over 170 of these institutions participate in
network degree programs developed for the Army, Navy, Marine Corps, and Coast Guard.
A SOC course category number beside a course from one of these institutions, such as
[EN024A] or [EN024B] for English Composition, indicates that courses from other
degree program institutions with the same code may be taken to satisfy the degree
requirement. See the SOC Degree Programs Handbooks at http://www.soc.aascu.org/

** DANTES Academic Codes: The Defense Activity for Non-Traditional Education
Support (DANTES) publishes the DANTES Independent Study Catalog (DISC) annually,
which lists more than 6,000 courses from dozens of regionally accredited colleges
and universities. Because this is a degree from a SOC affiliated college, the
academic residency requirements are limited, thereby allowing students to transfer
in a significant portion of the degree, as mentioned above. If the course you
desire to take is not offered by this institution when you want to take it, consider
the opportunities the courses in the DISC present. For more information, visit
http://www.dantes.doded.mil/dantes_web/distancelearning/disc/front/cont.htm   Keep
in mind, you should always check with the counselor or academic advisor at this
institution before enrolling in a course listed in the DISC to ensure it will be
accepted in transfer toward this degree.

Barton County Community College (BCCC) General Information:

Barton County Community College was formed July 15, 1965, through an election by the
people of Barton County, Kansas. The College was created to provide students in
Barton County an opportunity to obtain an education at a low cost within commuting
distance. The campus of BCCC is located on a 160-acre site in the Bissells Point
area of Great Bend, Kansas. In addition, it uses facilities in a number of outreach
areas, including the U.S. Army post at Fort Riley, Kansas.

Bart on line was created in March 1999 to provide greater access to students. The
online campus was created through assistance with the Colorado based company,
eCollege.com.   BARTONline.org provides you the opportunity to complete an Associate
Degree online. Courses taken at other colleges and universities, plus your military

and work experience, can be applied towards degree completion requirements at Barton County Community College. A minimum of 15 credit hours are required from Barton for degree completion.

The Barton County Community College Dietary Manager program is for individuals who would like to be employed (or are currently employed) as a food service manager in nursing homes, assisted-living facilities, schools, correctional facilities or hospitals. Barton's program is approved by both the Dietary Managers Association (DMA) and the Kansas Board of Regents.

Barton County Community College offers you three options in dietary management studies:
     Entry-level Dietary Manager Training
     Dietary Manager Certificate Program
     Associate Degree in General Studies, Dietary Management Emphasis

Students who successfully complete Entry-level Dietary Manager Training qualify to take the nationally recognized credentialing examination to become a Certified Dietary Manager (CDM). Successful candidates of Part II of the certification exam are also credentialed as a Certified Food Protection Professional (CFPP). Continuing education is required to maintain both credentials.

If you have questions or would like more information regarding the Dietary Program please contact Marsha Finley via e-mail at nutrition52247@yahoo.com.

How much does it cost to take an online course? BARTONline charges one flat rate of $125 per credit hour. The only other expense is the cost of textbooks, which varies by the course.
